AASHTOware CR&L Password Maintenance

If you do not change your password and log in at least once every 90 days your account will be deactivated. This is an automated process.

As your password comes due you should receive emails letting you know your AASHO password is getting ready to expire. To change your password you should go to this site https://pwr.dotd.la.gov/showLogin.cc

Just put your user ID in the log in box and hit login. Then you will be able to select the change password tab. You can also update your security questions here.

If you let your password expire you will need to contact your account administrator for CR&L (Judy Halloran) at Judy.Halloran@la.gov.
