

SIDE ELEVATION

GENERAL NOTES:

CONSTRUCTION SPECIFICATIONS: Latest approved Louisiana Department of Highways Standard Specifications.

DESIGN SPECIFICATIONS: A.A.S.H.O. 1233 for Highway Bridges, as amended to December 31, 1934.

GENERAL NOTES:

MINIMUMS: All work shall be structural, informative, convenient to handling, strong and to the contrary.

CONSTRUCTION: The structure shall be a complete system of plumbing, including the water line to source of supply. Joints to drain into stream of a point below house, near corner of building, or into house on the canal side. Elevation of outlet to be 1.0' above ground level in accordance with standard practice. This includes galvanized steel cold water piping, 4" Cast iron feeders, 2" galvanized steel cold water piping, 1" galvanized steel cold water piping, 1/2" galvanized steel cold water piping, 1/4" galvanized steel cold water piping, 1/8" galvanized steel cold water piping, 1/16" galvanized steel cold water piping, 1/32" galvanized steel cold water piping, 1/64" galvanized steel cold water piping, 1/128" galvanized steel cold water piping, 1/256" galvanized steel cold water piping, 1/512" galvanized steel cold water piping, 1/1024" galvanized steel cold water piping, 1/2048" galvanized steel cold water piping, 1/4096" galvanized steel cold water piping, 1/8192" galvanized steel cold water piping, 1/16384" galvanized steel cold water piping, 1/32768" galvanized steel cold water piping, 1/65536" galvanized steel cold water piping, 1/131072" galvanized steel cold water piping, 1/262144" galvanized steel cold water piping, 1/524288" galvanized steel cold water piping, set in lead expansion shields.

PAINTING: Inside plastered walls and toilet to be painted with two coats water-thinned paint, such as Japelle or Super-King. From the base to the ceiling, outside walls to be painted with one coat of white enamel and in toilet (except cabinets) to be white glaze color. From bottom of windows up, and ceiling, windows to have one first coat of aluminum before glazing, and one coat of aluminum after glazing. The interior door (toilet door) to be painted two coats of dark semi-gloss enamel, such as Sherwin Williams "Crown" enamel. Outside doors, except specified, or approved equal, cabinets to be painted one coat orange shellac and two coats clear sparvarnish.

GLAZING: The Contractor shall turn the images of the pictures on the Operators House, as indicated on the Plans, by means of counter-sunk aluminum masts, which will be furnished by the Department. These masts shall be counter-sunk on the inside of the door and shall be delivered to the Sign and Striping Engineer, Central Sign Shop, Dept. of Hqs., Baton Rouge, La., upon receipt.

HEATER: One single 3" "Panel Joy" wall heater with unit thermostat to be installed where shown on details. Install gas line from storage tank to Operators House and install a red iron gas valve and vent pipe where gas to be as specified, or approved equal.

GAS: Install a 150 gallon, above ground, liquidified petroleum gas tank, as shown on details.

BLINDS: The Operators House shall be furnished with individual metal venetian blinds over all windows. The work shall include the furnishing of all labor, materials, and tools, and shall be done in a safe and reasonably incidental to the manufacture and installation of blinds. The blinds shall be first quality, 1 1/2" x 6" aluminum, with 1/2" down rail, and plastic coated slats to be Hunter Douglas "flexum" equal. Color to be pastel green throughout.

SEATING: One 23 1/2" x 23 1/2" x 23 1/2" Submariner Desk, one 23 1/2" x 23 1/2" x 23 1/2" Chair, and one 40" x 23 1/2" Aluminum Chair, color to be olive green. The above are manufactured by the General Fireproofing Co., Inc., of Chicago, Ill., or approved equal.

ELECTRICAL: This item is detailed and described in the electrical drawings. All electrical work will be done in accordance with the National Electrical Code. All material required to complete Operators House, including furniture, gas heater, liquidified petroleum gas tank, and blinds, shall be included in the price bid to be included in lump sum bid for house, except precast concrete piles which are to be paid for at the price bid for that item, and all electrical equipment shall be included in the price bid for house.

W.D. Power Plant.
