Welcome to the June edition of our newsletter!

Key Message

This month, we are excited to highlight our ongoing efforts to enhance the efficiency and effectiveness of Louisiana's transportation infrastructure through innovative e-Construction initiatives. Our teams have made significant strides in implementing advanced digital project management platforms, which are revolutionizing collaboration, improving communication, and ensuring better project outcomes. Additionally, our leadership has been actively attending conferences over the past few weeks to stay abreast of the latest industry trends and technologies, ensuring that we continue to lead the way in transportation innovation.

As we move forward, we remain committed to fostering a culture of continuous improvement and technological advancement. We encourage all team members to take advantage of training opportunities and share their insights and experiences. Thank you for your ongoing dedication and hard work.

-LADOTD e-Construction team

Don't forget to recognize your outstanding colleagues by nominating them to be a HeadLight Hero! If you know someone who is excelling in project documentation and going above and beyond, give them the recognition they deserve.

HeadLight Heroes

District 07 Project Spotlight

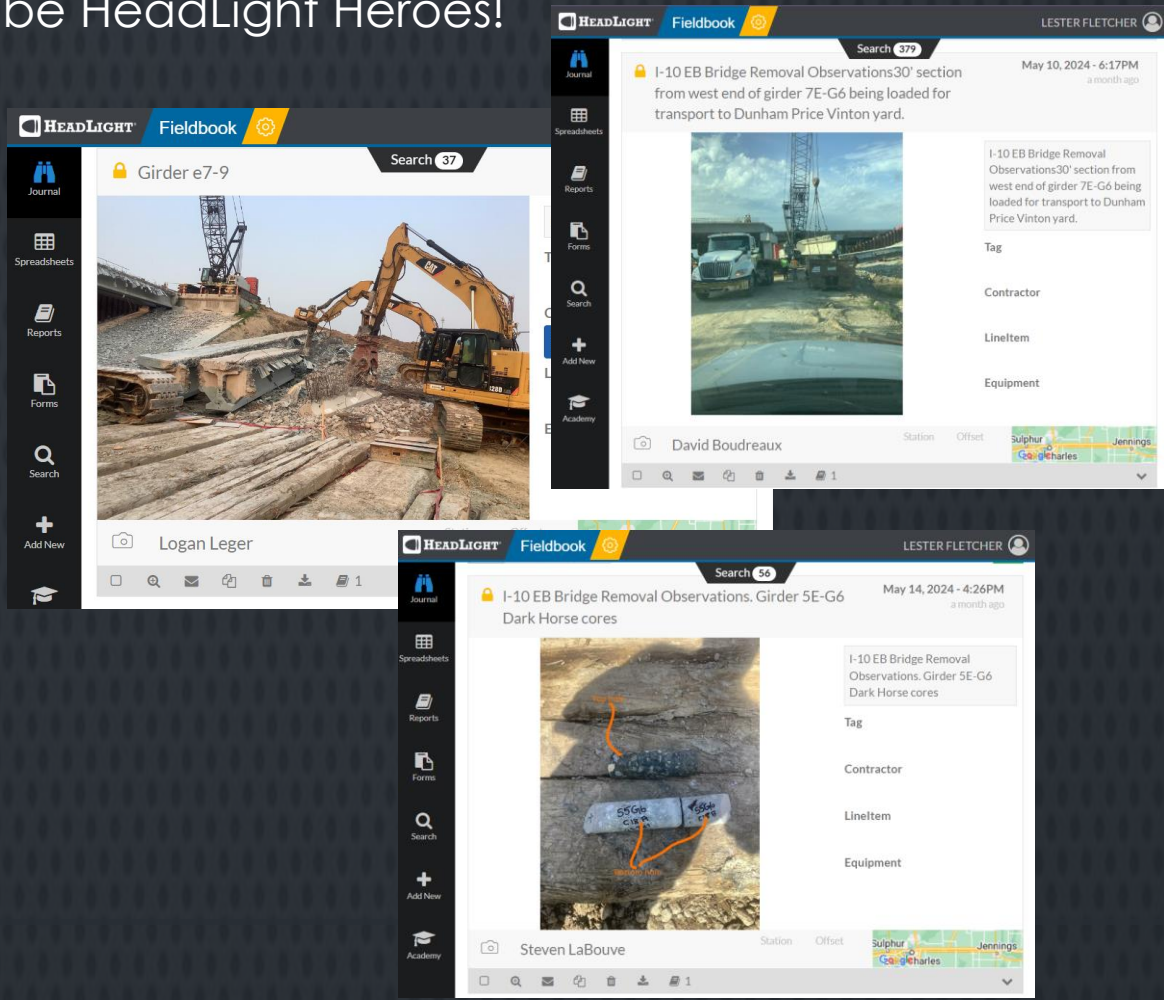

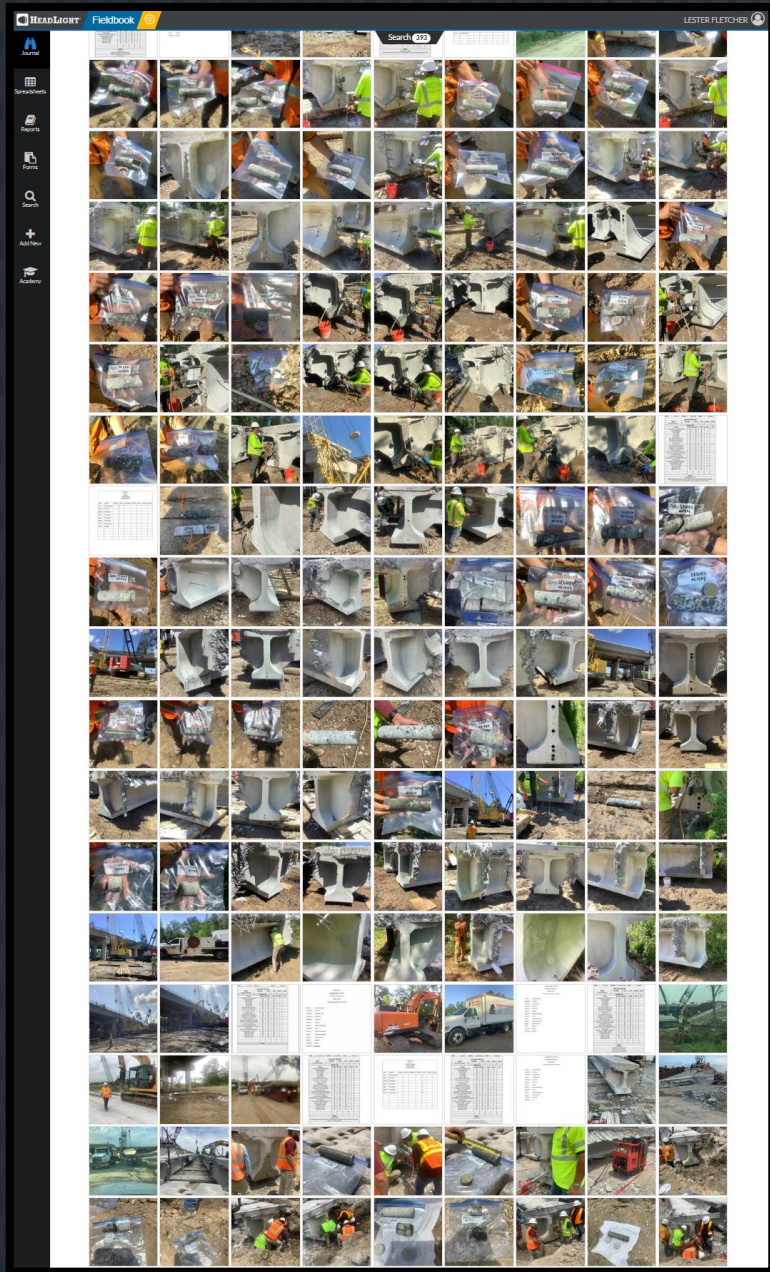

H.002980.6-R1:

I-10 OVERPASS OVER US 165 & MP R.R

Project Engineer: Konrad Schultz

- David Boudreaux
- Steven LaBouve
- Logan Leger

With recent events on the project requiring lengthy and detailed documentation, we want to express thanks to David, Steven, and Logan for showcasing commitment to providing as much detail as possible when creating observations on this project. Their efforts not only met but surpassed expectations. The team created over 802 Journal observations with nearly 60% of those being images! The dedication they are displaying illustrates the power of going the extra mile and are true examples of what it means to be HeadLight Heroes!

Introduction

We are thrilled to introduce Tranisha Burks, our new HeadLight Customer Success Manager. Tranisha brings a wealth of experience and a passion for customer satisfaction to our team. Here's a bit more about her impressive background:

Professional Background:

- Over 4 years of experience in Customer Success roles, including Implementation, Support, and Account Management.
- Extensive industry experience in:
 - End to End Financial Solutions
 - Marketing/Customer Engagement
 - Education/Fin-Tech
- Prior to her Customer Success roles, Tranisha spent more than a decade in Commercial and Private Banking.

Personal Background:

- Based in Prairieville, LA.
- Proudly born and raised in Louisiana.

Tranisha's diverse experience and deep understanding of customer needs make her an invaluable addition to our team. We are confident that her expertise will greatly benefit our HeadLight users and enhance our e-Construction initiatives.

"I am a passionate customer success professional with my originating career expertise being in the commercial and private banking sector, before transitioning to tech several years ago. I enjoy great Louisiana cuisine, attending football games and cheering for our son, reading, learning new skills, spending time with family, traveling, and spoiling our fur baby. I am truly privileged to support the LADOTD team and am looking forward to working with each of you!"

e-Construction Highlights

District 08/58 Construction Roundup Meeting

On May 21st, the LADOTD HQ Construction section hosted a productive Construction Roundup meeting for Districts 08 and 58 at the Alexandria training office, with around 35 participants including district staff, contractors, and HQ staff. We kicked off with change order training and then moved on to other HQ topics. We were able to address some questions from the contractors and district staff. After lunch, the district staff and HQ staff dove into LADOTD topics without the contractors. The e-Construction team particularly enjoyed giving their spiel on the latest digital project management tools and techniques.

We look forward to making these meetings more regular and striving to increase the collaboration between all project stakeholders.

We thank all attendees for their valuable contributions and look forward to the next Construction Roundup!
