**RE: DBE Goal Setting
Fiscal Year 2026-2028**

Dear Ms. Lyssy:

Attached is the revised 2026-2028 DBE Goal Methodology. The Louisiana Department of Transportation has established a goal of 1.42% of which 1.42% is Race Neutral and 0% is Race Conscious for the Federal Transit Administration (FTA) for the FY 2026- 2028. This goal encompasses DBE utilization as prime contractors and consultants, as well as subcontractors on FTA funded projects. Also, enclosed is the DBE Goal Setting Methodology explanation report for your information, review, and approval.

The methodology used to calculate the LADOTD's DBE Goal was based on the 2020 Economic Census – County Business Patterns for Louisiana and the LADOTD's UCP Disadvantaged Business Enterprise Directory to determine our base figure. Of the 7437 firms, 363 are DBE contractors in Louisiana.

In determining the DBE goal, DOTD took into consideration all prime contracts and subcontractors performed by DBE contractors which were obtained without the benefit of goal requirements. Analysis of the past participation by our DBE community confirms that an overall DBE goal in excess of 1.42% would not be reasonable target in Louisiana. A full explanation and calculation are included.

The Department is requesting FTA approval of the Louisiana DOTD's DBE Goal and process for Fiscal Years 2026-2028. If you have any questions, or need additional information, please contact me at (225) 379-3060 or email michelle.horne@la.gov.

Sincerely,

Michelle D. Horne
Public Transportation Director

GOAL SETTING METHODOLOGY
FISCAL YEAR 2026-2028**

This document explains the methodology used by our department to establish our fiscal year 2026-2028 DBE goal.

GOAL SETTING METHODOLOGY 49 CFR PART 26.45

The federal regulations require recipients to set overall goals based on demonstrative evidence of availability of ready, willing and able DBEs relative to all businesses ready, willing and able to participate on DOT assisted contracts.

A. Step 1 Base Figure Determination 26.45(c)

1. The Louisiana DOTD elected to use the 2022 Economic Census – County Business Patterns for Louisiana and LADOTD’s UCP Disadvantaged Business Enterprise Directory to determine our base figure. In Step One of the goal setting process, contractible items were identified and a weighted average figured for each item.
2. The Base Goal was figured using the relative availability (percentage) of DBEs in Louisiana to perform contracts (both prime and sub) scheduled for FFYs 2026 – 2028. Of the 7437 firms, 363 are DBE contractors in Louisiana. Utilizing this information, we arrived at a base figure of 1.42%, included in Table 3.
3. In Table 1, the projects are identified by the NAICS Code, amount of DOT funds for project, and % of total DOT funds for each project. The estimated project cost is \$19,947,884. The amount for each project was divided by the total estimated cost of \$19,947,884 to determine the weight factor for each project to be used in Table 3 below.

$$\frac{\text{Amount of DOT funds on Project}}{\text{Total FTA-Assisted Contract Funds}} = \text{Weight}$$

In Table 2, the number of ready, willing, and able DBEs are identified for each NAICS codes to determine the relative availability of DBEs.

$$\frac{\text{Number of DBEs Availability}}{\text{Number of all firms}} = \text{Relative Availability}$$

In Table 3, the weighted base figure was determined by using the weight for each project multiplied by the relative availability which resulted in the Weighted Base Figure of 1.42%.

$$(Weight) \times (Relative Availability) = \text{Base Figure}$$

Table 1

Step 1 - Determine the weight of each type of work by NAICS Code:				
* Enter all the FTA-assisted projects below. Project amounts should be assigned relevant NAICS Code(s).

B. Step 2 Adjustment Factors 26.45(d)

LADOTD used the goal setting guidelines, “Tips for Goal-Setting in the DBE Program, from the USDOT website which includes a method for determining an adjustment based on past participation for the years in which participation is similar to the type of contracts for the goal methodology period. LADOTD used the five completed years of past participation (see Table 4) in computing the median value. The Median DBE participation in FTA-funded contracts from FY 2020 through 2024 was 2.10%

Table 4

Fiscal Year	DBE % Goal	DBE % Achieved
2021	1.36	0.67%
2024	1.36	1.86%
2020	1.36	2.10%
2023	1.36	2.13%
2022	1.36	4.78%

Using this method (2.10%) and our base figure (1.36%) resulted in a goal of 3.46%.

$$\text{Adjusted Goal} = \frac{(\text{Base Figure} + \text{Median DBE})}{2}$$

$$1.36\% + 2.10\% = 3.46\%$$

$$\frac{3.46\%}{2} = 1.73\% \text{ Adjusted Goal}$$

Thus, LADOTD has determined that an adjustment for past participation is not necessary due to the levels of past participation being very similar to the number calculated in Step One Base Figure.

LADOTD proposed goal for FTA DBE is 1.42%

The City of Baton Rouge completed a disparity study within the past 3 years. LADOTD is not aware of any other disparity studies and to our knowledge none other than the City of Baton Rouge have been conducted within the last ten (10) years. This did not represent the entire state of Louisiana. Therefore, LADOTD did not consider evidence from disparity studies as part of its step two analysis. Other related data on employment, self-employment, education and training, union apprenticeship programs, etc. of the kind described in 49CFR 26.45(d) does not exist and consequently was not considered as part of the step two analysis.

C. Public Consultation 26.45 (g)

1. LADOTD conducted public consultation forums where all interested stakeholders, including our DBE firms; the contracting community, AGC, minority and women organizations, and other interested parties were invited. These two public consultation forums were held on May 20, 2025 in the auditorium of DOTD headquarters in Baton Rouge, and the second on May 22, 2025 in Shreveport. Information relative to our public consultation process is in Attachment A. No comments were received.
2. On June 9, 2025, our DBE goal and contact information for viewing our methodology was posted on our department's website and in the lobby our headquarters building. We have also published it for a public comment period of 30 days (June 9, 2025 through July 9, 2025) in

newspapers around the state including the following: The Baton Rouge Advocate, the Shreveport Times, The Times Picayune, the Monroe New Star, the Lake Charles American Press, the New Orleans Daily Journal, and the Alexandria Town Talk, shown in Attachment B. No comments were received.

3. Information relative to our public consultation process and advertisement efforts is included in Attachment A & B. A screen shot of our website posting with the link is included in Attachment B.

D. Race Neutral Measures 26.51(a)

1. The regulations require that the state must meet maximum feasible portion of its overall goal by using race and gender neutral means of facilitating DBE participation. LADOTD has determined all goals will be accomplished through race neutral means. The calculation of race neutral goal is based upon contracting opportunities, past participation, relative availability of DBEs. These calculations resulted in a goal of 1.42%. This is based upon the median of accomplishments of the past 5 years: 2020 – 2.1%; 2021 – 0.67%; 2022 – 4.75%; 2023 – 2.13%; and 2024 – 1.86%
2. Listed below are race neutral measures that LADOTD currently has in place:
 - Technical assistance to DBE firms in the following areas are provided by the DBE SS Consultant on an as needed basis:
 - Estimating
 - Bidding
 - Financial and Accounting
 - Marketing
 - Electronic bidding assistance
 - Targeted bid notification
 - Workshops & training sessions
 - Monthly Newsletters provided by the DBE SS Consultant
 - Meet the Primes held by the DBE SS Consultant
 - Post Bid Analysis on LADOTD’s website year round
 - DBE Directory located on LADOTD’s website year round

Disadvantaged Business Enterprise (DBE) goal for both FTA and FHWA Projects - Baton Rouge
Thursday, May 08, 2025 at 8:03:57 AM

The Louisiana Department of Transportation and Development (LADOTD) would like to invite all interested parties to a stakeholders meeting to discuss and provide feedback on the establishment of our FY 2026-2028 Disadvantaged Business Enterprise (DBE) goal for both FTA and FHWA Projects.

Tuesday, May 20, 2025, at 5:00 p.m.
LA DOTD Headquarters auditorium, first floor
1201 Capitol Access Road in Baton Rouge.

Federal regulations 49 CFR Part 26.45(g) (1) states, "In establishing an overall goal, you must provide for public participation. This public participation must include consultation with minority, women's and general contractor groups, community organizations, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and your efforts to establish a level playing field for the participation of DBEs." There will also be zoom capability.

Please contact LADOTD Compliance Programs Statewide Program
Manager at 225-379-1363 or paula.rodvv@la.gov for the zoom link and/or if you need reasonable accommodations.
