

# **DOTD FORM: 24-102**

## **PROPOSAL TO PROVIDE CONSULTANT SERVICES**

(Revised March 1, 2022)

Prime consultant shall complete the DOTD Form 24-102 without altering the Form's text; however, the instruction and/or guidance for Sections 12 through 23 can be removed but do not remove Section title and number.

ANY CONSULTANT FAILING TO SUBMIT ANY OF THE INFORMATION REQUIRED ON THE DOTD FORM 24-102, OR PROVIDING INACCURATE INFORMATION ON THE DOTD FORM 24-102, MAY BE CONSIDERED NON-RESPONSIVE.

Prime consultant should enter the firm name in the footer at the bottom of this page. (It will carry over to subsequent pages.)

1. Contract title as shown in the advertisement	<b>July 6, 2022</b> <b>Contract No. 4400024585</b> <b>Contract for Off System Highway Bridge Program</b> <b>Chinaberry Drive over Unnamed Coulee</b> <b>State Project No. H.014980.5</b> <b>F.A.P. No. H014980</b> <b>Acadia Parish</b>
2. Contract number(s) as shown in the advertisement	<b>4400024585</b>
3. State Project Number(s), if shown in the advertisement	<b>H.14980.5</b>
4. Prime consultant name (as registered with the Louisiana Secretary of State where such registration is required by law)	<b>Morgan Goudeau &amp; Associates, Inc.</b>
5. Prime consultant license number (as registered with the Louisiana Professional Engineering and Land Surveying Board (LAPELS) if registration is required under Louisiana law)	<b>VF183</b> <b>EF1118</b>
6. Prime consultant mailing address	<b>1703 West Landry Street</b> <b>Opelousas, LA 70570</b>
7. Prime consultant physical address (existing or to be established, if location is used as an evaluation criteria)	<b>1703 West Landry Street</b> <b>Opelousas, LA 70570</b>
8. Name, title, phone number, and email address of prime consultant's contract point of contact	<b>Kenneth Boagni, III, P.E., P.L.S., President</b> <b>337-948-4222</b> <b>kenny@morgangoudeau.com</b>

9. Name, title, phone number, and email address of the official with signing authority for this proposal	<b>Kenneth Boagni, III, P.E., P.L.S., President</b> <b>337-948-4222</b> <b>kenny@morgangoudeau.com</b>	
10. This is to certify that all information contained herein is accurate and true, and that the team presently has sufficient staff to perform these services within the designated time frame. By submitting this proposal, proposer certifies that it is not engaged in a boycott of Israel and it will, for the duration of its contract obligations, refrain from a boycott of Israel. Proposer also certifies and agrees that the following information is correct: In preparing its response, the proposer has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not, in the solicitation, selection, or commercial treatment of any subcontractor or supplier, refused to transact or terminated business activities, or taken other actions intended to limit commercial relations, with a person or entity that is engaging in commercial transactions in Israel or Israeli-controlled territories, with the specific intent to accomplish a boycott or divestment of Israel. The proposer also has not retaliated against any person or other entity for reporting such refusal, termination, or commercially limiting actions. DOTD reserves the right to reject the response of the bidder or proposer if this certification is subsequently determined to be false, and to terminate any contract awarded based on such a false response.	Signature (shall be the same person as #9):  <hr/> Date: July 28, 2022	
11. If a Disadvantaged Business Enterprise (DBE) goal has been set for this advertisement, indicate which firm(s) will be used to meet the DBE goal and each firm(s)' percentage.	<u>Firm(s):</u>  N/A	<u>Firm(s)' %:</u>

## **12. Past Performance Evaluation Discipline Table:**

As indicated in the advertisement, insert the completed table here. The percentages for the prime and sub-consultants must total 100% for **each past performance evaluation discipline**, as well as the overall total percent of the contract.

The **only** past performance evaluation disciplines to be used are: Road, Bridge, Traffic, CE&I/OV, Geotech, Survey, Environmental, Data Collection, Planning, Right-of-Way, CPM, ITS, Appraiser and Other. The crosswalk from the old categories to the new categories can be found at the link below:

[http://wwwsp.dotd.la.gov/Inside\\_LaDOTD/Divisions/Engineering/CCS/General%20Information/CPPR%20Crosswalk%20to%20New%20Evaluation%20Disciplines.pdf](http://wwwsp.dotd.la.gov/Inside_LaDOTD/Divisions/Engineering/CCS/General%20Information/CPPR%20Crosswalk%20to%20New%20Evaluation%20Disciplines.pdf). (same link as in the advertisement)

<b>Sub-consultants are allowed to be used for this proposal.</b> Fill in the table by identifying only those evaluation disciplines consistent with the approach and methodology proposed in Section 18 of the DOTD Form 24-102*, the name of each firm that is part of the proposal, and the percentage of work in each past performance evaluation discipline to be performed by that firm. The percentage estimated for each evaluation discipline is for evaluation purposes only and will not control the actual performance or payment of the work. The percentages for the prime and sub-consultants must total 100% for each past performance evaluation discipline, as well as the overall total percent of the contract.				
Evaluation Discipline(s)	% of Overall Contract	Prime <b>Morgan Goudeau &amp; Associates, Inc.</b>	Subconsultant <b>Providence Engineering &amp; Environmental Group, LLC</b>	Each Discipline must total to 100%
<b>Bridge</b>	<b>70%</b>	<b>100%</b>	<b>0%</b>	<b>100%</b>
<b>Environmental</b>	<b>5%</b>	<b>20%</b>	<b>80%</b>	<b>100%</b>
<b>Survey</b>	<b>25%</b>	<b>100%</b>	<b>0%</b>	<b>100%</b>
Identify the percentage of work for the <b><u>overall contract</u></b> to be performed by the prime consultant and each sub-consultant.				
Percent of Contract	<b>100%</b>	<b>96%</b>	<b>4%</b>	<b>-----</b>

### **13. Firm Size:**

For all firms that are part of this team, indicate the approximate number of personnel to be committed to this contract, by DOTD Job Classification and the total number of personnel within the firm that could provide support, if needed. If a specialized job classification is required and not included on the DOTD job classification list, specify "Other (xxxx)" and include the classification title inside the parentheses. The DOTD Job Classification(s) to be used can be found at the following link:

[http://wwwsp.dotd.la.gov/Inside\\_LaDOTD/Divisions/Engineering/CCS/Job\\_Qualification/Job%20Classifications%20with%20Descriptions.pdf](http://wwwsp.dotd.la.gov/Inside_LaDOTD/Divisions/Engineering/CCS/Job_Qualification/Job%20Classifications%20with%20Descriptions.pdf)

Firm name	DOTD Job Classification	Number of personnel committed to this contract	Total number of personnel available in this DOTD Job Classification (if needed)
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Engineer</b>	<b>1</b>	<b>2</b>
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Engineer Intern</b>	<b>2</b>	<b>3</b>
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Surveyor</b>	<b>2</b>	<b>3</b>
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>CADD-Technician</b>	<b>1</b>	<b>2</b>
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Party Chief</b>	<b>1</b>	<b>2</b>
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Instrument Man</b>	<b>1</b>	<b>2</b>
<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Administrative</b>	<b>1</b>	<b>2</b>
<b>Providence Engineering and Environmental, LLC</b>	<b>Environmental Manager</b>	<b>1</b>	<b>1</b>
<b>Providence Engineering and Environmental, LLC</b>	<b>Biologist/Wetlands</b>	<b>3</b>	<b>6</b>

#### **14. Organizational Chart:**

Provide an organizational chart showing ALL **relevant** prime consultant and sub-consultant (if applicable) personnel assigned to the contract, area of project responsibility for each, and reporting lines for the purposes of this contract. An individual's role does not necessarily have to match their DOTD job classification identified in Section 13.

**If applicable, identify all personnel performing traffic engineering analysis and/or QC of traffic engineering analysis by placing an asterisk next to their name. Include the certificates required by the Traffic Engineering Process and Report Training Requirements article of the Advertisement in Section 20.**

**LA DOTD**

##### **PRIME CONSULTANT:**

**Morgan Goudeau & Associates, Inc.**

##### **PRINCIPAL-IN-CHARGE:**

**Kenneth Boagni, III, P.E., P.L.S.**

##### **SURVEYING (Topographic Survey):**

**Kenneth Boagni, III, Professional Land Surveyor**

**Jacob Jarrell, Professional Land Surveyor**

**David Jarrell, Professional Land Surveyor**

**Jared Meche, Survey Crew, Party Chief**

**Jarrett Pitre, Survey Crew, Instrument Man**

##### **ENGINEERING (Preliminary and Final Plans):**

**Kenneth Boagni, III, Professional Engineer**

**David Jarrell, Engineer Intern**

**Jacob Jarrell, Engineer Intern**

##### **DRAFTING (Topographic Survey and Preliminary/Final Plans):**

**David Stelly, CADD Technician**

##### **ADMINISTRATION:**

**Anita Chautin, Clerical**

##### **SUBCONSULTANT:**

**Providence Engineering & Environmental Group, LLC**

##### **PROJECT AND QA/QC MANAGER:**

**Paul Clifton, PWS**

##### **ENVIRONMENTAL CLEARANCE:**

**Kerry Oriol, Senior Environmental Specialist**

##### **WETLAND STUDIES:**

**Tim Kimmel, AWB**

**Taylor Simoneaux, PWS, CWB**

**15. Minimum Personnel Requirements:**

Use the table below to identify both prime consultant and sub-consultant staff designated to work on this contract meeting the Minimum Personnel Requirements (MPRs) specified in the advertisement. Ensure the résumé reflects the required experience stated in the MPR.

MPR No. Do not insert wording from ad	Personnel being used to meet the MPR (Individual(s) may not satisfy more than one MPR unless specifically allowed by Attachment B of the advertisement)	Firm employed by	Type of license / certification & number	State of license	License / certification expiration date
1, 2, 3	<b>Kenneth Boagni, III P.E., P.L.S.</b>	<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Professional Civil Engineer (0031312)</b>	<b>LA</b>	<b>9/30/2023</b>
4	<b>Jacob Jarrell, E.I., P.L.S.</b>	<b>Morgan Goudeau &amp; Associates, Inc.</b>	<b>Professional Land Surveyor (5211)</b>	<b>LA</b>	<b>9/30/2023</b>
5	<b>Taylor Simoneaux, PWS, CWB</b>	<b>Providence Engineering &amp; Environmental Group LLC</b>	<b>Professional Wetland Scientist No. 3321</b>	<b>LA</b>	<b>12/30/2025</b>

**16. Staff Experience:**

Résumés shall be provided for all prime and sub-consultant personnel listed in Sections 14 and/or 15 of the proposal. Résumés of personnel not identified in Section 14 or Section 15 of the proposal should not be included and will not be evaluated. Résumés should be limited to 2 pages per person. Any certificates required by the advertisement are to be placed in Section 20.

Firm employed by <b>Morgan Goudeau and Associates, Inc</b>			
Name	<b>Kenny Boagni, III</b>		Years of relevant experience with this employer <b>22</b>
Title	<b>Principal / Project Supervisor / P.E., P.L.S.</b>		Years of relevant experience with other employer(s) <b>0</b>
Degree(s) / Years / Specialization		<b>B.S. / 2000 / Civil Engineering</b>	
Active registration number / state / expiration date		<b>P.E. 0031312 / Louisiana / 09/30/2023</b> <b>P.L.S. 0005215 / Louisiana / 09/30/2023</b>

Degree(s) / Years / Specialization:		B.S. / 1989 / Fish and Wildlife Biology	
Active registration number / state / expiration date		N/A	
Year registered		Discipline	
Contract role(s) / brief description of responsibilities		NEPA Specialist	
Experience dates (mm/yy–mm/yy)	Experience and qualifications relevant to the proposed contract; <i>i.e.</i> , “designed drainage”, “designed girders”, “designed intersection”, etc. Experience dates should cover the time specified in the applicable MPR(s).		
(01/19-present)	<b>Environmental Project Manager:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), LA 1/LA 415 Connector Environmental Assessment Reevaluation, State Project No. H.005121, Federal Aid Project No. H005121, West Baton Rouge Parish, LA.</i> A reevaluation of an existing EA for a LA 1/LA 415 Connector involving a new bridge over the Gulf Intracoastal Waterway, necessary to consider a change in bridge height and possible relocation of approved right-of-way. Efforts include a vessel study and reevaluation of traffic data to assess design modifications and potential right-of-way modifications. <b>Responsibilities:</b> Management of project schedule, NEPA process and NEPA document revision, including revision of supporting technical studies, coordination with state agencies, environmental, analyses, organization of agency meetings, and development of public information and agency involvement plans.		
(01/17-present)	<b>Environmental Project Manager:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), I-10 Corridor Study: LA 415 to Essen on I-10 and I-12, Stage 1 Environmental Assessment, State Project No. H.004100.2, Federal Aid Project No. H004100, East and West Baton Rouge Parishes, LA.</i> A study of Interstate 10 (I-10) through Baton Rouge to develop feasible improvements and to obtain an environmental decision to implement improvements to I-10 and I-12 from the LA 415 interchange to the I-10 and I-12 interchanges at Essen Lane. Efforts include the analysis of existing conditions along I-10 along with implementation of various concepts to recommend a preferred alternative. Various concepts include widening existing infrastructure and revising interchanges. Extensive public outreach efforts are also included in this project to ensure public input is received throughout the process. <b>Responsibilities:</b> Management of project schedule, NEPA process and NEPA document development, coordination of all work with six sub-consultants, environmental and alternatives analyses, environmental justice analysis, organization of agency meetings, public outreach/involvement meetings and materials, development of public information and agency involvement plans, and coordination of public events, development of relocation plan, preparation of decision documents.		
(09/11-present)	<b>Environmental Project Manager:</b> <i>Northwest Louisiana Council of Governments (NLCOG), I-49 Inner Connector Stage 1 Environmental Impact Statement / NEPA, State Project No. 700-09-0171 (H.003915),</i>		

	<p><i>Shreveport, Caddo Parish, LA.</i> Environmental Impact Statement (EIS) and interchange reports for the proposed I-49 Inner City Connector. Project involves all necessary engineering and environmental investigations to obtain environmental clearance on construction of a connector linking the existing I-49 to future I-49 North around Shreveport. <b>Responsibilities:</b> Management of project schedule, NEPA process and NEPA document development, development of the purpose and need statement, environmental and alternatives analyses, environmental justice analysis, organization of agency meetings, public outreach/involvement meetings and materials, development of public information and agency involvement plans, and coordination of public events, development of relocation plan, preparation of decision documents.</p>
(07/20-present)	<p><b>Environmental Project Manager:</b> <i>Atlas Technical Consultants, LLC, Mississippi River Bridge GBR: LA 1 to LA 30 Connector, EBR, WBR, Ascension, Iberville, LA.</i> Enhanced Planning investigation with the ultimate objective to construct a new crossing of the Mississippi River. Providence, as a subconsultant to Atlas Technical Consultants, LLC, is providing environmental services that include identifying the preliminary purpose and need (P&amp;N), revising, submitting and updating P&amp;N; permitting agency coordination; reviewing of studies and plans for data gaps; GIS figures; identifying corridors that meet P&amp;N; identifying alternative boundaries; developing/submitting Environmental Screening methodology; compiling environmental inventory for alternatives for use in narrowing alternatives; support outreach and engagement overview, providing appropriate input for the CARB-D website, developing a draft Final Report for Phase I, addresses comments from Phase I, preparing materials and attending agency brief meetings/focus group meetings, and public meetings.</p>
<p><b>Kerry Oriol</b> has over 32 years of multidisciplinary experience in the environmental field. She maintains expertise in project management, NEPA documents and public outreach requirements, including Environmental Impact Statements (EIS), Environmental Assessments (EA), Environmental Assessment Statement (EAS), and Natural Resource Damage Assessments (NRDA), ecological studies and biological assessments, and mitigation planning and implementation for project specific impacts. Ms. Oriol's pre-consulting experience involved working within the former Water Pollution Control Division of the Louisiana Department of Environmental Quality's (LDEQ) Office of Water Resources and as a research associate with Louisiana State University (LSU).</p>	

Firm employed by: Providence Engineering and Environmental Group LLC

Year registered	2021	Discipline	Professional Wetland Scientist	
Contract role(s) / brief description of responsibilities		Quality Assurance/Quality Control Manager		
Experience dates (mm/yy–mm/yy)	Experience and qualifications relevant to the proposed contract; <i>i.e.</i> , “designed drainage”, “designed girders”, “designed intersection”, etc. Experience dates should cover the time specified in the applicable MPR(s).			
Ongoing	<b>Project Manager:</b> <i>Traylor – Massman Joint Venture (LA DOTD), Belle Chasse Bridge and Tunnel Replacement P3 Project, State Project No. H.004791, Plaquemines and Jefferson Parishes, LA.</i> Serving as Project Manager for the environmental compliance component of the project. Responsible for assisting the client in environmental training and compliance, assistance with local, state, and federal permitting; sensitive species and wetlands surveys, Stormwater Pollution Prevention and Control Plans, audits, and inspections.			
Ongoing	<b>Project Manager:</b> <i>City of Baton Rouge/East Baton Rouge Parish Public Works and Planning Center, Twin Oaks Bridge Project, East Baton Rouge Parish, LA.</i> Serving as Project Manager for wetlands and ecological compliance assistance. Development and submittal of a wetland data report/jurisdictional determination request and Pre-Construction Notification for submittal to the New Orleans District of USACE.			
(04/19-10/19)	<b>Project Manager:</b> <i>East Baton Rouge Parish Department of Public Works, Cal Road Bridge Replacement Project, East Baton Rouge Parish, LA.</i> Served as Project Manager for wetlands and ecological compliance assistance. Development and submittal of a wetland data report/jurisdictional determination request and Pre-Construction Notification for submittal to the New Orleans District of the USACE.			
(07/17-01/18)	<b>Project Manager:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), I-10:415 To Essen Lane on I-10 and I-12, State Project No. H.004100.2, Federal Aid Project No.H004100, East and West Baton Rouge Parishes.</i> Managed wetland analysis fieldwork and reporting for a 550-acre corridor for the widening of I-10 and I-12 in East and West Baton Rouge Parishes. Provided project oversight, resource allocation, and personnel management.			
(2017)	<b>Project Manager:</b> <i>St. Helena Parish Police Jury, Six Bridge Replacements, St. Helena Parish, LA.</i> Wetland delineations, jurisdictional determination requests, and USACE Nationwide Permitting for six bridge replacement projects in St. Helena Parish (sub to Aucoin & Assoc.)			
(06/08-12/13)	<b>Project Manager:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), Environmental Permitting Retainer Contract, Task Orders 1-3, State Project No. 700-99-0439, Federal Aid Project No. STP-</i>			

	<p><b>9907 (526) / IM-1709(507), Statewide, LA.</b> Project scope included conducting 34 wetland delineations, four threatened and endangered species surveys, and obtaining state and federal permits for 63 individual bridge and road improvement projects in Louisiana. Each of the three task orders under this retainer contract included: USACE Section 10/104 permitting; LDNR, Office of Coastal Management, Coastal Use Permitting; U.S. Coast Guard bridge permitting; LDWF Louisiana Natural and Scenic River System permitting; LDEQ Water Quality Certifications; levee permits from various levee boards; and parish permits. The 63 projects involved coordination with various U.S. Army Corps of Engineers (USACE) districts including: Vicksburg, Galveston, Fort Worth, and New Orleans, as well as the U.S. Coast Guard, District Eight, and sectors New Orleans and Upper Mississippi River (St. Louis, MO). <b>Task 1: 701-65-1002:</b> 29 bridge replacement and road widening projects throughout Louisiana. <b>Task 2: 701-65-1231:</b> 20 bridge replacement and road widening projects throughout Louisiana. <b>Task 3: 701-65-1489:</b> 14 road elevation projects throughout Louisiana.</p>
<p><b>Paul Clifton, PWS</b> has over 30 years of multi-discipline experience in wetlands and ecological services including: project/contract management, wetlands delineations and Section 404/Coastal Use permitting, habitat value assessments, interpretation of state and federal wetland regulatory requirements, liaison assistance with state and federal resource and regulatory agencies, and management of ecological studies and environmental investigations. Mr. Clifton has extensive experience in U.S. Army Corps of Engineers (USACE) Section 404 wetlands permitting and he has managed contracts for coastal restoration projects with the Louisiana Department of Natural Resources and the Coastal Protection and Restoration Authority and state-wide environmental permitting for the Louisiana Department of Transportation and Development. Mr. Clifton has also provided expert witness services regarding wetlands and coastal issues.</p>	

Firm employed by: Providence Engineering and Environmental Group LLC				
Name	Taylor Simoneaux, PWS, CWB		Years of relevant experience with this employer	6
Title	Environmental Scientist IV		Years of relevant experience with other employer(s)	1
Degree(s) / Years / Specialization:		M.S. / 2015 / Forest Resources B.S. / 2012 / Forestry Ecological Restoration B.S. / 2012 / Natural Resources Ecology and Management		
Active registration number / state / expiration date		3321 / LA / 12-30-2025		
Year registered	2020	Discipline	Professional Wetland Scientist	
Contract role(s) / brief description of responsibilities		Wetland Assessment and Reporting		
Experience dates (mm/yy–mm/yy)	Experience and qualifications relevant to the proposed contract; i.e., “designed drainage”, “designed girders”, “designed intersection”, etc. Experience dates should cover the time specified in the applicable MPR(s).			
(06/17-08/17)	<b>Ecologist:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), Wetland Delineation for I-10 Widening Project, East and West Baton Rouge Parishes, LA.</i> Conducted a wetland delineation (approximately 550 acres) and data report for the I-10 Widening project across East and West Baton Rouge Parishes.			
(04/17-09/17)	<b>Ecologist:</b> <i>East Baton Rouge Parish Department of Public Works, Nicholson Drive Improvements, East Baton Rouge Parish, LA.</i> Conducted a wetland delineation project for the extension of Nicholson Drive in Baton Rouge, LA. Prepared a wetland data report/request for preliminary jurisdictional determination for submittal to the USACE New Orleans District.			
(08/16-12/16)	<b>Ecologist:</b> <i>St. James Parish Government, Barras Road Extension, St. James Parish, LA.</i> Participated in a wetland delineation project for the extension of Barras Road near St. James, LA. Prepared a wetland data report/request for preliminary jurisdictional determination for submittal to the USACE.			
(05/16-08/16)	<b>Ecologist:</b> <i>North Louisiana Council of Governments, I-49 Inner City Connector, Caddo Parish, LA.</i> Participated in a wetland delineation and completed a wetland summary of findings for submittal to the North Louisiana Council of Governments to advise them on regulatory compliance associated with an interstate connection project in Shreveport, LA.			
(2019)	<b>Ecologist:</b> <i>Coastal Protection and Restoration Authority, Goose Point/Pointe Platte and Bayou Bonfouca Maintenance Project, St. Tammany Parish, LA.</i> Secured the necessary environmental permits for a marsh creation maintenance project.			
(2019)	<b>Ecologist:</b> <i>Pointe Coupee Parish Police Jury, False River Ecosystem Project, Pointe Coupee Parish, LA.</i> Conducted a wetland delineation, completed a Nationwide Permit 27 permit application, and conducted soil sampling for a proposed False River Dredge project.			

(2018)	<b>Ecologist:</b> <i>DeSoto Parish Police Jury, Mundy Landfill Haul Road Project, DeSoto Parish, LA.</i> Conducted a wetland delineation and completed a Nationwide Permit 14 permit application to the USACE Vicksburg District for a proposed landfill expansion project.
(2018)	<b>Ecologist:</b> <i>Baton Rouge Area Chamber, Harvey Site Wetlands, West Feliciana Parish, LA.</i> Conducted a wetland delineation and offered regulatory guidance assistance for a proposed park creation project.
(2017)	<b>Ecologist:</b> <i>Bayou Lafourche Freshwater District, Mississippi River Reintroduction into Bayou Lafourche, Assumption and Lafourche Parishes, LA.</i> Conducted a wetland delineation and completed a wetland data report/request for preliminary jurisdictional determination for a proposed Mississippi River reintroduction into Bayou Lafourche.
(2016)	<b>Ecologist:</b> <i>West Feliciana Parish, Department of Public Works, West Feliciana Parish, LA.</i> Participated in a wetland delineation project for the replacement of the Jacock Road Bridge near St. Francisville, LA. Prepared a wetland data report/request for preliminary jurisdictional determination for submittal to the USACE.
<p><b>Taylor Simoneaux, PWS, CWB</b> has areas of focus in wetlands, coastal, and ecological regulatory permitting/compliance, threatened and endangered species surveys, wetland delineations, environmental inspections, and project management. His experience in environmental and ecological compliance assistance includes: wetland delineations and reporting; U.S. Army Corp of Engineers (USACE) Section 10/404/408 permitting, Louisiana Department of Natural Resources (DNR) Office of Coastal Management (OCM) Coastal Use Permitting; FEMA Floodplain Permitting; U.S. Fish and Wildlife Service (USFWS) Section 7 consultations; State Historic Preservation Office (SHPO) Section 106 consultations; Environmental Inspections per standard Best Management Practices (BMPs) and Federal Energy Regulatory Committee (FERC) Plans and Procedures, and many local/Parish/municipal permitting requirements. He is actively involved in all phases of environmental permitting/compliance and project management for clients in industrial, commercial, governmental, and private sectors. Mr. Simoneaux's education and professional experience have exposed him to in-depth habitat analysis, wetland ecology and management, ecosystem restoration, coastal ecology, management, and restoration, plant identification, statistical analysis, wildlife biology, regulatory compliance/permitting, project management, and spatial analysis including the use of ArcGIS software.</p>	

Firm employed by: Providence Engineering and Environmental Group LLC				
Name	Tim Kimmel, AWB		Years of relevant experience with this employer	12
Title	Natural Resource & Coastal Services Deputy Director		Years of relevant experience with other employer(s)	1
Degree(s) / Years / Specialization:		M.S. / 2008 / Environmental Science B.S. / 2010 / Wildlife Science		
Active registration number / state / expiration date		N/A		
Year registered		Discipline		
Contract role(s) / brief description of responsibilities		Wetland Assessment and Reporting		
Experience dates (mm/yy–mm/yy)	Experience and qualifications relevant to the proposed contract; <i>i.e.</i> , “designed drainage”, “designed girders”, “designed intersection”, etc. Experience dates should cover the time specified in the applicable MPR(s).			
(2021)	<b>Project Manager:</b> <i>Kinder Morgan, 315-mile Gopher Tortoise Survey, Alabama and Mississippi Counties.</i> Providence conducted a 315-mile gopher tortoise survey on existing TGP and SNG utilities right-of-way. The survey corridor was approximately varied between 40 and 100 feet and traversed 14 different counties in Mississippi and one county in Alabama.			
(03/19-05/19) (09/12)	<b>Biologist:</b> <i>Enable Gas Transmission, LLC, Southeast Supply Header Hydrostatic Test, Mobile County, Alabama.</i> Providence conducted gopher tortoise burrow surveys and scoping of existing burrows. Providence also provided excavation and construction oversight, and water sampling services during hydrotest of an existing two-mile segment of natural gas pipeline.			
(2014-2018)	<b>Biologist:</b> <i>Department of Public Works/Huval &amp; Associates, Inc. Wetland Delineation for Multiple Bridge Replacement Projects, East Baton Rouge Parish, LA.</i> Conducted wetland delineations for the Port Hudson Pride Road Bridge, Lemon Road Bridge, Cal Road Bridge, and Moss Side Road Bridge replacement projects in East Baton Rouge Parish. Permit applications were completed for each replacement and submitted to the U. S. Corps of Engineers, New Orleans District.			
(07/17-01/18)	<b>Biologist:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), I-10:415 To Essen Lane on I-10 and I-12, State Project No.H.004100.2; Federal Aid Project No.H004100, East and West Baton Rouge Parishes.</i> Conducted wetland analysis fieldwork and reporting for a 550-acre corridor for the widening of I-10 and I-12 in East and West Baton Rouge Parishes. Drafted and submitted a Wetlands Findings Report for DOTD’s review and concurrence.			
(04/18) (08/13-01/14)	<b>Biologist:</b> <i>Louisiana Coastal Protection and Restoration Authority, Piping Plover Survey, Cameron Parish Shoreline Restoration Project (CS-33 SF) Cameron Parish, LA.</i> Piping plover surveys, three per month for 10 months on a six-mile section of coastal beach. Drafted and submitted quarterly reports for CPRA and the US Fish and Wildlife Service and USFWS as well as monthly monitoring reports and status updates on invoicing.			

(05/13-06/15)	<b>Biologist:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), Wetland Delineation for LA-70 Re-Route, Assumption Parish, LA.</i> Conducted a threatened and endangered species survey for wading bird rookeries and the presence/absence of bald eagles for the proposed LA-70 re-route.
(2015)	<b>Biologist:</b> <i>Louisiana Department of Environmental Quality (LDEQ), Wetland Assimilation Projects, South LA.</i> Assisted in the implementation and monitoring of multiple wetland assimilation projects throughout south Louisiana.
(2015)	<b>Biologist:</b> <i>Louisiana Coastal Protection and Restoration Authority, Biological Assessment (BA), Holly Beach, LA.</i> Provided written documentation regarding piping plovers and sea turtles explaining descriptions and federal status of both species as well as project overview and purpose. The BA defines explicit procedures to ensure species safety until project completion.
(2017)	<b>Biologist:</b> <i>Louisiana Department of Transportation and Development (LA DOTD), Wetland Delineation for I-10 Widening Project, Baton Rouge, LA.</i> Conducted a wetland delineation (approximately 550 acres) for the I-10 Widening project across East and West Baton Rouge Parishes.
(2018)	<b>Project Manager/Wildlife Biologist:</b> <i>Enable Gas Transmission, LLC, 90-mile Gopher Tortoise Survey, Forrest County, Mississippi – Mobile County, AL.</i> Conducted a 90-mile gopher tortoise survey on Southeast Supply Header's existing natural gas pipeline right-of-way. The survey corridor was approximately 70 feet and traversed six different counties from Mississippi to Alabama.
<p><b>Tim Kimmel, AWB</b> has a wide range of experience in conducting wetland delineations and field studies throughout Louisiana, Arkansas, Texas, Mississippi, Alabama, Florida, Indiana, Tennessee, and Ohio. He has conducted threatened and endangered species surveys for red-cockaded woodpecker, gopher tortoise, Louisiana black bear, dusky gopher frog, yellow-blotched map turtle, golden cheeked warbler, and more, as well as written Biological Assessments for the gopher tortoise, piping plover, and sea turtles for submittal to the U.S. Fish and Wildlife Service (USFWS). Mr. Kimmel has served as project manager for projects requiring permits from the U.S. Army Corps of Engineers (USACE) and the Louisiana Department of Natural Resources (LDNR), as well as levee board permits throughout the Gulf Coast parishes of Louisiana. Mr. Kimmel has extensive fieldwork experience, including work with the Louisiana Department of Wildlife and Fisheries (LDWF) on the Deep Water Horizon oil spill.</p>	

**17. Firm Experience:**

Identify the team's project experience **most relevant** to the scope in the advertisement. **The projects should be limited to a total of 20, with no more than 5 projects being represented by the prime consultant and with no more than 3 projects represented by each sub-consultant on the team. If more than 5 projects are identified for the prime consultant, all projects identified after the first 5 will not be evaluated. If more than 3 projects are identified for a single sub-consultant, all projects identified after the first 3 from that sub-consultant will not be evaluated.** Include no more than one page per project. Projects identified shall only include work performed by firms on the team. The projects identified do not necessarily need to have been DOTD projects.

The Louisiana Highway 70 (LA 70) project was to prepare the Stage 1 documents necessary to implement the construction of a proposed bypass and an emergency runaround of LA 70 near its intersection with LA 69 in Assumption Parish, LA. The LA 70 Bypass was proposed due to public safety concerns that have resulted in the closure of LA 70 numerous times in the last decade. These safety concerns are associated with failures of the Napoleonville Salt Dome, which have caused surface instability and the formation of a sinkhole south of the highway. While a long-term solution was being developed, further failure of the integrity of the Napoleonville Salt Dome could result in need to close LA 70. An Emergency Runaround would allow traffic to resume on this important route until a more permanent solution is implemented. For this reason, two Environmental Assessment (EA) documents were to be prepared under this project: one for the LA 70 Bypass and one for the Emergency Runaround. **Providence staff conducted wetland delineation, analysis, and data report, threatened and endangered species survey and report, and permitting assistance for the construction of the detour route off LA 70. Prepared wetland and jurisdictional determination request- USACE New Orleans District. A Finding of No Significant Impact (FONSI) was issued following the Environmental Assessment (EA).**

Project number	State Project No. 840-43-0001 Federal Aid Project No. IM-1709 (507)	Owner's name	Louisiana Department of Transportation and Development (LA DOTD)	
Project location	Rapides Parish, LA		Owner's Project Manager	Robert Lott, PE
Owner's address, phone, email	PO Box 94245, Baton Rouge, LA 70804-9245, (225) 242-4504, robert.lott@la.gov			
Services commenced by this firm (mm/yy)	02/08	Total consultant contract cost (\$1,000's)		\$399
Services completed by this firm (mm/yy)	11/13	Cost of consultant services provided by this firm (\$1,000's)		\$28

The Fort Buhlow Bridge project was part of a retainer contract that included environmental and permitting services for 62 road and bridge projects throughout the state, involving coordination with all relevant federal, state, and local agencies. The proposed bridge and approaches project included replacement of the 0.6-mile-long O.K. Allen Bridge over Lake Buhlow and the widening and reconstruction of 1.3 miles of roadway approaches/additional travel lanes. Neither the bridge nor the approach roadways had sufficient width to accommodate existing or projected traffic demand; the project intended to provide accommodations for anticipated traffic increases, reduce accidents, and meet current safety standards. **Providence staff completed wetland delineations, analysis, and data reports. Staff prepared and submitted Section 10/404 permit application to the U.S. Army Corps of Engineers (USACE) and filed the U.S. Coast Guard (USCG) bridge permit and Red River, Atchafalaya, and Bayou Boeuf Levee District permit applications. Upon the start of construction, the LA DOTD requested additional workspace associated with the construction of the new bridge. A wetland delineation was done on the additional area and permit amendments were filed with all relevant state and federal agencies.**

Services completed by this firm (mm/yy)	02/22	Cost of consultant services provided by this firm (\$1,000's)	\$5

The Louisiana Department of Transportation and Development requested a Wetland Findings Report for an existing bridge in Caddo Parish, Louisiana as part of a larger off-system bridge replacement project. As a subconsultant to Morgan and Goudeau & Associates, **Providence was contracted to conduct a wetland delineation and provide a wetlands report for the bridge replacement project.** Providence biologists documented existence of potential jurisdictional wetlands and regulated other waters of the United States at all sites, including access points and temporary workspaces. Providence biologists delineated the areas in accordance with the 1987 Corps of Engineers Wetland Manual and guidance from the Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Atlantic and Gulf Coastal Plain Region (U.S. Army Corps of Engineers, Wetland Regulatory Assistance Program 2010). After the wetlands assessments, Providence staff prepared Wetland Findings Reports which included discussions of existing wetlands, vegetation communities, and soils based on published soil surveys and soil sampling. Data sheets, photographs, and wetland mapping were included in the Wetland Findings Reports. Wetland impact areas quantified by type were also reported. **Providence staff completed a similar scope of work for other bridge replacements included in the Off-System Bridge Replacements project, including bridges in Ouachita (H.014232), St. Martin (H.014226), and Tangipahoa (H.014262, H.014263) Parishes.**

**RELEVANT TEAM MEMBERS:** Paul Clifton, PWS, Tim Kimmel, AWB, Taylor Simoneaux, PWS, CWB

### **18. Approach and Methodology:**

Provide a description of how the work will be performed and provide the proposed project schedule. Include any additional information or description of unique resources that are planned to be used to produce the deliverables. Include any proprietary technologies, methods or approaches that will be used on this project to improve quality or efficiency. If the proposal is for an IDIQ contract, the consultant should review the scope of services in Attachment A to the advertisement to obtain a general understanding of what a typical task order would entail. Based upon that understanding, the consultant should provide a sample schedule that identifies the major milestones, deliverables, tasks, etc., to demonstrate sufficient understanding of a typical task order. The duration of the task order is not required. This section shall be limited to four pages. If more than four pages are included, all pages after the fourth page will not be evaluated.

**If the consultant has information it believes is proprietary, label it accordingly.**

**Morgan Goudeau & Associates, Inc. has performed work on many state projects involving Off-System Bridge Replacements. This firm is capable of providing topographic surveying, engineering estimates of construction costs, bridge and roadway design, hydraulic studies, right-of-way mapping and utility relocations including preliminary and final plans in association with the referenced project, and has the personnel and experience to do so in a timely manner. It should be noted that the firm has additional complete staff of personnel other than those listed who are equally capable of completing a project. This notation is made to merely indicate that there is additional staff available to assist or replace present dedicated staff due to unforeseen circumstances (i.e., additional Principal, CAD Operators, Licensed Engineer, Licensed Surveyor, Clerical and Survey Crew.)**

**Morgan Goudeau & Associates, Inc., along with our subconsultant, Providence Engineering, have an experienced and efficient team in the Off-System Bridge program, and past performances on similar projects should support this idea. Morgan Goudeau & Associates, Inc. will perform all of the required land surveying and engineering services on this project with our in-house staff out of our office, located at 1703 West Landry Street, Opelousas, Louisiana, and the wetland studies will be completed by our subconsultant, Providence Engineering, with whom we have had a good working relationship with over the past decade. The ability of our firm to complete a majority of the required work with our own experienced team in a thorough and efficient manner, makes us uniquely qualified to complete this project. We are a small firm at fourteen (14) employees, but on a project of this nature, we can more readily coordinate project goals and timelines with our staff. Our staff takes great pride in the reputation developed by our firm over the years on these projects, and desires to continue the high standard of quality engineering and land surveying work.**

**Morgan Goudeau & Associates, Inc. has examined and is experienced with the project schedule for typical OSBR projects contained in the current DOTD guidelines for project deliverables, and the firm can readily meet their project milestones.**

**Morgan Goudeau & Associates, Inc. has no plans to establish a local presence for the purpose of completing this project.**

**Morgan Goudeau & Associates, Inc. is registered with the Federal Government using SAM.gov.**

**19. Workload:**

For all contracts where a firm on the team is a prime consultant or sub-consultant and where a) the consultant selection was made by DOTD, and b) a contract was executed by the consultant and the contracting entity by the date the advertisement for this proposal was posted, list all work meeting the following criteria:

- 1) one of the team's firms is responsible for the performance of the work;
- 2) authorization to perform the work has been provided, as provided in the contract between the consultant and the contracting entity;
- 3) the work has not yet been performed and invoiced; and
- 4) the work is not currently suspended for an indefinite period of time.

For indefinite delivery/indefinite quantity (IDIQ) contracts, list open Task Orders individually.

List only the portion of the fees attributable to firms on the team.

(Add rows as needed)

DO NOT SUM

\* The **only** past performance evaluation disciplines to be used are: Road, Bridge, Traffic, CE&I/OV, Geotech, Survey, Environmental, Data Collection, Planning, Right-of-Way, CPM, ITS, Appraiser and Other. If a firm has more than one past performance evaluation discipline for any single project, the firm can use multiple rows to express the remaining unpaid balance per evaluation discipline.

\*\* Round to the nearest dollar. **Do not** round to the nearest thousands. If there are no active contracts with a remaining unpaid balance, place N/A in the Remaining Unpaid Balance column. LEAVING THE "REMAINING UNPAID BALANCE" COLUMN BLANK IS NOT ACCEPTABLE.

**20. Certifications/Licenses:**

## **21. QA/QC Plan and/or Work Plan:**

If the advertisement requires submission of a QA/QC plan or Work plan, include them here. Otherwise, leave this section blank.

### **QUALITY ASSURANCE/QUALITY CONTROL PLAN**

In order to continue this agenda, this Quality Assurance/Quality Control Plan is being developed to ensure that the highest quality design and standards are achieved for the benefit of the public and its safety. This plan will address procedures for checking the accuracy and consistency of the calculations and drawings, detecting and correcting design deficiencies and errors in order to produce a set of plans and specifications that are adequate to construct the designed structures and assure that the design is safe and adequate for service and operation that it has been designed for. The phases of work that are being requested for engineering and surveying will be addressed in this plan.

### **REQUEST FOR QUALIFICATION STATEMENTS**

The work anticipated from the engineering firm is outlined in the Request for Qualification Statements (RFQ) as outlined and advertised by the Department of Transportation and Development (DOTD) specific for this project. The major items of work are the Topographic Survey, Preliminary Plans, Final Plans, Construction Support (if required), and Shop Drawings (if required). The complete work outlined above is to be performed by the engineering firm and be the responsibility of the Engineer of Record for this project who is Robert Wolfe, Jr., a registered professional engineer and land surveyor. The proposed work plan for this project will be outlined in this report. The Engineer of Record shall sign, date, and seal all project documentation. The work will be performed in accordance with Louisiana Revised Statute (LRS) 37:681 through 37:703 and Title 46:Part LXI relating to Professional Engineering and Professional Surveying requirements.

Services to be performed by the DOTD for this project and are the responsibility of the DOTD are as follows:

1. All traffic assignments required for determination of design of the Project.
2. All information which it has in its files as to location of route, tentative locations of intersections and bridges, boring and test data if any, plans and studies within the area of the Project which may be useful to the Consultant in carrying out this work and assistance in securing similar data from others to the extent available.
3. Numbered field survey books as needed, as only field books furnished by the DOTD shall be acceptable for the recording of field data. These books shall be furnished at the request of the Consultant through the Project Manager.
4. Standard plan prints of bridges, culverts and incidental drainage structures prepared by the DOTD. It is the intent of this Contract that standard plans be used insofar as these plans are available in the design of all structures required for the Project and that the Consultant, under the stipulated contract compensation, shall prepare complete designs for structures required on the Project for which the DOTD's standard plans are not available.

5. Prepare construction proposals for the project from the plans prepared by the Consultant and handle all bidding procedures applying thereto.
6. Provide the Consultant with mailing lists for the Solicitation of Views.
7. Provide PH and resistivity reports.
8. Provide Channel Probings (if needed).

Services to be performed by the Parish for this project and are the responsibility of the Parish are as follows:

1. Acquire all required right-of-way for the Project.
2. Relocate all utilities in the way of construction.
3. Obtain all required permits on the Project and pay associated fees.
4. Perform biological and cultural resource surveys if required.
5. Prepare permit applications

## **DESIGN STANDARDS AND CONTROL**

The design and work for this project will be in accordance with the contract as executed between the DOTD and the Engineering firm. In addition, design criteria and guidelines will also be in accordance with the following manuals and references.

1. AASHTO Standards, ASTM Standards or DOTD Test Procedures
2. DOTD Location and Survey Manual
3. DOTD Roadway Design Procedures and Details
4. DOTD Resign Guidelines
5. DOTD Hydraulics Manual
6. DOTD Standard Specifications for Roads and Bridges - most recent publication
7. Manual of Uniform Traffic Control Devices
8. DOTD Traffic Signal Design Manual
9. National Environmental Pol
10. National Electric Safety Code (NESC)
11. National Electric Code (NFPA 70)
12. DOTD Environmental Impact Procedures (Vols. I-III)\_

13. A Policy on Geometric Design of Highways and Streets (AASHTO)
14. DOTD Construction Contract Administration Manual
15. DOTD Materials Sampling Manual
16. DOTD Bridge Design Manual
17. Consultant Contract Services Manual
18. Geotechnical Engineering Services Document
19. Bridge Inspectors
20. DOTD Stage 1 Planning/Environmental Manual of Standard Practice
21. Code of Federal Regulations 29 CFR 1926 (OSHA)

## **APPENDIX “A”**

### **WORK PLAN CHECKLIST**

#### **A. INITIAL WORK PHASE**

**Contract executed and received Notice to Proceed**

**Received Data from DOTD**

**Acknowledge receipt from data and notified DOTD**

**Researched property owners, deeds and maps**

**Made on-site visit with Parish to identify correct location**

**Obtained Photographs for Hydraulic Reports**

**Obtained Utility Information for the site**

**Contacted LA One Call before Survey**

#### **B. TOPOGRAPHIC SURVEYS**

**Surveyor on Site for Data Collection**

**Minimum of 4 TBMs (one at each end of project & at each bridge end)**

**Project number shown correctly**

**North Arrow**

**Scale shown - Horizontal and Vertical**

**Name of Roadway**

**Width of Roadway**

**Topo Notes**

**Centerline Elevations - 2 decimal places (asphalt or concrete roadway) or 1 decimal place (gravel roadway)**

**Bearings**

**Curve Data**

**Elevations & plus stations of channel @ centerline of roadway**

**Stream traverse shown & stationed where it ties to the survey line**

**Structure Number**

**Description of existing structure: W x L**

**# of Spans**

**Type of Bridge**

**Description of existing structure shown in upper right corner of field roll**

**Existing structure dashed & spans shown in the Plan View**

**Existing structure dashed & spans shown in the Profile View**

**All existing pipe dashed**

**Pipe diameters shown**

**All cross drains shown in profile (dashed) with flow lines**

**Name of waterway**

**Flow arrows in stream shown**

**Type of fence spelled out. # of strands of B/W shown**

**Utilities in plan & profile (if buried) shown**

**Utility Owners**

**Existing, Apparent or Assumed R/W**

**Reference Points**

**Low Chord Elevation shown on existing structure**

**Drainage Map with drainage area delineated**

**All lettering and symbols correct size and weight. Symbols correct.**

**Will all be legible when reduced to half-size?**

**State Plane coordinates shown on at least 2 points on field roll**

**State Project number and Parish name on all field books in permanent ink**

**Certification in all field books**

**Large trees located and shown**

**Statement of horizontal and vertical control**

**Tie to roadways on each end of project**

**C. HYDRAULIC REPORT**

**Project Description**

**Drainage area above 2000 acres - USGS Method**

**Drainage area below 2000 acres - Soil Conservation Method**

**Runoff Calculation**
